EVENTS

*One of a series of Resources from High Point Events
to help you plan an exceptional wedding*

Why should you ask these questions? How do we answer these questions at High Point Events? Look for "Having a High Point Wedding" on the list of resources on the Wedding page at www.highpointevents.com.

Questions To Ask Your Wedding Caterer

1. There are many services and menu items that we like across your offerings. Is it possible to combine things to create an event that is unique to us, or must we select from a pre-set list of packages?
2. Do you offer specialized menu options - like vegetarian, gluten-free, or kosher?
3. How many weddings do you book per day?
4. Will you designate a specific wedding coordinator for our wedding, or will we deal with different people during the planning process? If you assign a wedding coordinator to us, what can we expect of that person?
5. May we taste samples of your food before we make our final menu choices?
6. What are the payment options and requirements, including methods of payment, deposit requirements, and time to final payment following the wedding?
7. Do you offer rentals, entertainment, flowers, transportation, etc.? If not, do you have recommendations for experienced vendors for such services?
8. With what reception venues do you have experience? Are you a preferred vendor for any local venues? What special requirements or rules do any of these venues have which might affect our selection? (For instance, does any venue ban red wine?)
9. What options do you offer for other wedding-related events, like a rehearsal dinner, bachelor party, bridal shower, or "day after" brunch?
10. Do you offer "day of" coordination services?
